Hyundai Go Genuine ValuTrax Program
TraxCollision Program

HYUNDAI

TraxCollision provides a fast and efficient means to order and track the delivery of parts to your shop.
Get access to up-front pricing, parts availability and delivery ETA from the nation's largest network of parts retailers. Save time and headaches by requesting parts returns and receiving credits electronically.

Key features

Ordering
Simplify the way you order and procure parts, and stay connected with all of your dealers.

Buy Now
Get instant price quotes from your OEM dealers, no back and forth haggling on parts.

Returns
BackTrax™ is a complete returns management system that allow you to track all of your returns electronically. Receive instant credit memos from your dealers that can be easily shared among all your departments.

Tracking
Save time by ordering all of your parts with the click of a button. Increase productivity by knowing when all of your parts will be on hand.

Data
View employee performance and shop metrics to keep your production and service standards high. Prioritize and make quick decisions based on the real-time data and information.
