

# Mopar Match the Estimate ValuTrax Program

**In partnership with OEC®, Mopar is excited to announce big changes to the Mopar Match the Estimate ValuTrax Program! Dealers can now earn more than ever!**

Designed to provide Mopar dealers with additional tools to grow their parts business, the TraxCollision program provides Mopar dealers with the ability to: increase Mopar OE parts sales, gain access to additional products to help manage and track deliveries & drivers, and provide shops with electronic credits.

**Check out the additional tools & solutions available to Mopar dealers on the Mopar Match the Estimate ValuTrax Program:**

## Trax

### Parts Procurement

Receive, answer and manage orders electronically. Tracking for your salesman to view your deliveries as they are being made in real-time.

## ValuTrax

### Conquest Solution

Increase OEM market share through interactive advertising at the time of purchase.

## BackTrax

### Returns / Credits Solution

Track and manage returns from shops back to the retailer. Credits delivered in real-time.

## DeliveryTrax

### Logistics Management

Ensure exact accuracy in the pulling, staging and transport of automotive parts, from the warehouse to your shops.

## DMS Connect

### Integrating Dealer Systems

Streamline order processing by connecting your DMS with Trax. Use DMS sell prices on Trax orders, access real-time inventory, and create DMS quotes directly from Trax to save time and improve accuracy.

## TraxPartners

### Connect Your Shops

Electronically connect to all of your collision shops through TraxPartners.
