

**SHOPS**

**Secure. Timely.  
Reliable.**

Payments Powered by OEC offers shops an easy way to process RepairLink orders and returns directly in the application.

No more calls for credit card details; enjoy centralized payment management. Securely store sensitive information and access crucial details easily on the RepairLink platform. Plus, Payments Powered by OEC provides a simplified return process with quick resolutions, visibility, and greater efficiency.

How Payments Powered by OEC Empowers Shops:

**Centralized Payment Method Management**

- Shops can conveniently store and update payment methods inside RepairLink.
- Securely store and manage your payment data in a centralized location.
- Dealerships never see your full card number or bank account.

**Clearer Reconciliation**

- Receive emailed receipts for transactions.
- If provided, your PO/RO number will be presented on receipts and your statements.
- See all payment transactions in one screen within RepairLink Shop.

**To set up your payment method:**

Go to the **Payments Customer** menu option under **Account Management** in RepairLink Shop.
